

JACKSONVILLE, ILLINOIS, FRIDAY MORNING, APRIL 6, 1906.

NEW PRIMARY LAW KILLED

DECLARED UNCONSTITUTIONAL BY THE STATE SUPREME COURT.

Governor Deneen Issues Call for Special Session of Legislature to Convene next Tuesday--Practically Every Important Provision of Law Declared Null and Void.

Springfield, April 5.—The Illinois supreme court this afternoon declared that the new primary law is unconstitutional. Governor Deneen will call a special session of the legislature for 10 o'clock next Tuesday morning. The Republican state central committee will meet in this city next Saturday morning to rescind the call for the state convention.

GOVERNOR ACTS.

Immediately upon hearing the decision of the supreme court, Governor Deneen telegraphed to Lieutenant Governor Sherman, who is at Springfield, Ark., and to Speaker Shurtliff at his home in Macreago, informing them of the decision of the court and that action would be taken immediately to call an extraordinary session of the general assembly.

To night the governor issued a call for a special session of the legislature to be held in Springfield Tuesday morning, April 10th. Chairman Roy O. West of the Republican state central committee issued a call for the state committee to meet in this city next Saturday morning for the purpose of rescinding the call for the Republican state convention, called for May 14th, in this city.

The law has been attacked by the socialists, and it has been rumored that others have been behind the move whose names did not appear on the surface. The decision, without a dissenting voice, declares that the following provisions are unconstitutional:

That the law provides that candidates for party nomination must pay a filing fee in order that their names may appear on the primary ballots.

That political parties polling 10 per cent of the total vote in a county are entitled to a primary, whereas if containing a population of 125,000 or over, 20 per cent of the total vote is required.

That it provides for a primary vote on candidates for governor, but makes no provision for other state officers.

That it provides that in senatorial districts containing two counties not more than two legislative candidates shall be elected from any one county, and that in districts comprising three or more counties, not more than one legislative candidate shall be nominated from any one county.

Practically every important provision of the act of 1905 is declared by the supreme court to be null and void.

The court is of the opinion that the act as a whole is in contravention of the constitution of the state as special legislation. The doctrine that part of an act may be sustained, although other provisions are void cannot, therefore, be applied in this case. Under this decision the act of 1905 is still in force and until a new primary law is passed and becomes operative, and primaries may be held as in the past.

The act passed upon to day provided that the county central committee should determine whether county officers should be nominated at the primary election by the voters, or by delegates chosen in the primary, and also whether candidates should be nominated by majority or plurality vote. This, the court says, amounts to a delegation of legislative authority to county central committees and is void.

There are other provisions in addition to section 18 of the bill of rights, says the court, which guarantees all elections shall be free and equal, which are of importance in considering the act as a whole.

Section 22 of article 4 of the constitution prohibits a special law in any case where a general law can be made applicable. This law, in attempting to regulate county and township affairs, violates this prohibition of the constitution.

The court finally says the act is, in reality, two distinct acts, seeking to govern primaries in Cook county with one set of provisions and primaries in the remainder of the state with others, when it is perfectly clear there is no such difference between the voters of the one county and the others.

The court, in concluding the opinion, says:

"No reason is or can be suggested for excluding the nomination of candidates for judges of the circuit court in other counties, and including judges of the circuit and superior court in Cook county. There can be no reason founded on population why the central committee in small counties should determine questions not committed to the discretion of like committees in large counties. No reason has been suggested by the counsel for the

defendants why a party having polled 10 per cent of the last vote for president within the whole state should have the privileges of the act in small counties, while the same party, in a large county, should be required to have 20 per cent. The law is local and a special law relating to one or enumerated subjects as to which such law is absolutely prohibited.

"We are also of the opinion that it violates the provision of the constitution that elections shall be free and equal in permitting voters in the state at large outside of Cook county to vote at primary elections by stating their party affiliations, while a voter in Cook county is denied that right, if he has voted at a primary election of another party within two years, and also providing the different basis on which a party in Cook county may avail itself of the privileges of the act from requirement of other parties of the state."

The court then declares the act of 1905 unconstitutional and the act of 1901 still in force.

It is rumored that Lieutenant Governor Sherman has in his grasp a new primary law, which he drew in anticipation of the court's holding.

YATES' CAMPAIGN.

Great excitement prevails in Springfield as the result of the court's decision. At the Yates headquarters it was hoped the filing of the opinion would be delayed until after the primaries. To night the Yates leaders are trying to map out a plan of campaign. Charles M. Timney, formerly private secretary to Governor Yates, said the Yates people will make a fight for the immediate passage of a primary law and that they would insist on having a popular expression regarding the United States senatorship.

GENERAL BLANCO DEAD.

Madrid, April 5.—General Blanco, formerly governor general of Cuba, died yesterday morning.

Ramon Blanco y Armas was sent to Cuba to succeed General Weyler, whose conduct in suppressing the rebellion in that island had shocked the humanitarian feelings of all the civilized world. He started on a policy of pacification, but the Cuban people did not trust him, and his experience on the island was not happy. When the war with the United States broke out, Blanco did not enter on the defense of the island with much hope of success, and as soon as the war was over he resigned and returned to Spain in November, 1898.

BOYS BURNED IN JAIL.

Lawton, Okla., April 5.—Two boys wanted in Vernon, Texas, on charge of stealing clothing, were badly burned by a fire which they started in a vain effort to effect their escape from the Snyder jail, where they were confined. The battle was soon in flames. The city marshal was notified of the fire and immediately set to work to liberate the prisoners, but before he could release them they were both badly burned.

PEACE FOR HUNGARY.

Complete Understanding Reached—New Parliament Latter Part of May.

Budapest, Hungary, April 5.—As a result of a conference of the leaders of the coalition party, held here to day under the presidency of Francis Kossuth, a complete understanding has been reached which may be expected to end the legislative deadlock. Herr Kossuth and Count Andrássy started to night for Vienna, where they will have an audience with Emperor Francis Joseph to-morrow.

Vienna, March 5.—Late this evening it was reported that peace in Hungary now seems assured on the basis of postponing military demands for three years and that should negotiation with Kossuth and Andrássy be successful a cabinet, with Andrássy as premier, will be appointed April 9, and elections be held immediately, thus enabling the new parliament to assemble at the end of May.

A VARIETY OF SUBJECTS

DISCUSSED IN HOUSE YESTERDAY.

White House Conference on Railroad Rate Bill Topic for Lively Debate in Senate—Other Washington News.

Washington, April 5.—The postoffice appropriation bill, following an immemorial custom, was made the vehicle for a number of speeches to day having no bearing on the subject matter under consideration, but of general interest to the country. The rights of labor were discussed by Towne, of New York; good roads by Lee, of Georgia; railway mail pay by Stevenson, of Minnesota, and the protective tariff by Bailey, of Illinois.

Incident to his speech on labor, Towne spoke of the increased power given the speaker of the house by the rules now in force. He said that if the house ever has its ancient dignity and power restored it will be after it has vindicated the right of discussion of all public questions.

During the late afternoon Earl and Lady Grey were interested spectators in the reserved gallery and after the house adjourned they, with Newlands, held an informal reception in the speaker's room.

SENATE.

In the senate to day there was a recital of the white house conference of last Saturday relative to the pending railroad rate legislation, and while the discussion ended in good nature, there was a time when the feeling was quite intense. The incident occurred at the close of a speech by Stone, which was devoted largely to a discussion of that conference. Dooliver took the floor and in a brief speech devoted to a defense of the right of senators to confer with the president, charged that other senators had been in consultation with the presidents of railroad companies. The intimation contained in the charge was resented by both Bailey and Foraker and they demanded the names of the senators referred to. These Dooliver declined to give, but he justified his course in making the charge by saying that he and other senators who had participated in the conference had been sneered at and ridiculed in the discussion, at last Tuesday. This avowal of his motive brought about an explanation from Foraker and the incident ended pleasantly.

Elkins has given notice of a speech on the rate bill for to-morrow, and Bailey for a speech on that subject next Tuesday. The Texas senator will reply especially to criticisms made by Spooner and Knox of his plan for limitation of the powers of superior courts in granting injunctions in rate litigation.

COUNCIL OF WOMEN

Reject Anti-Catholic Resolution Presented by Delegate—Retires From Hall Weeping.

Toledo, Ohio, April 5.—Unanimous rejection of a resolution presented by Mrs. I. C. Manchester, delegate of the national association of Loyal Women of American Liberty, protesting against the appropriation of any money by congress for the support of sectarian schools, and the delegate retiring weeping from the convention hall, was the sensation of to day's meeting of the National Council of Women. Following this, Mrs. Kate Brownlee Sherwood, in an impassioned defense of the Catholic church, presented a resolution to prevent any report being made public if it contained anything inimical to any creed or political belief. This received the unanimous approval of the council. Mrs. Sherwood's resolution prevents Mrs. Manchester's report being read before it is passed up by the executive committee, and she declared unless she is allowed to read it in full she will withdraw her association from the council.

It became known yesterday that Mrs. Manchester's report contained charges against the Catholic church; that the threatened war of Germany against France is in revenge for the action of the French government toward the Vatican, and that the pope is using Emperor William as a cat's paw, is one of the allegations in the report, and that the Jesuits were responsible for eight of the wars that have involved so many nations in recent years is another. The motto of the national council is the Golden Rule, and in the discussion to day there was unanimous defense of this policy.

HOME FOR CONSUMPTIVES.

Chicago, April 5.—Plans have been formulated by the National Association of Mail Carriers to build a national home for consumptive members of the association at Colorado Springs, Colo., according to announcement made to day by members of the committee. The Business Men's association of Colorado Springs has donated 100 acres of land for the home and the association will raise \$100,000 toward building the institution. They have received an offer from a philanthropist, whose name was not divulged

who will donate a dollar for every dollar that the association raises.

TELEGRAPHIC BRIEVITIES

Taylorville, Ill.—James Gould of New York was killed by a train.

Evansville, Ind.—Mrs. Mary Green fell from a window while walking in her sleep and was badly injured.

Calico, Ill.—Andrew Johnson, a negro wanted in Mississippi county for an alleged murder five years ago, was arrested by a negro detective.

Evansville, Ind.—Police Judge Winfrey ordered three children flogged for minor offenses by their parents. The order was executed.

New York.—Larry Rogers, who perjured himself, telling the district attorney of a "plot to assassinate Rev. C. H. Parkhurst," was sentenced to seven years and six months in Sing Sing.

Pontiac, Mich.—Fire destroyed the buggy and wagon factory of R. D. Scott & Co. and seven residences. Loss \$125,000.

ANTI-CONVICT BILL.

The house committee on labor to day authorized a favorable report on a bill to prevent the purchase by the government, by contract or otherwise, of any article manufactured by convict labor. The committee decided to consider at its next meeting the bill of E. S. Hunt of Missouri, to prevent interstate shipments of prison made goods from one state into another, should the receiving state object.

VON BUELOW ILL

German Chancellor Taken Sick After Delivering an Address in Reichstag.

Berlin, April 5.—An official bulletin from Chancellor von Buelow merely announced that the chancellor "suffered from a fainting fit, from which he has now recovered." Von Buelow had delivered a brief speech in the reichstag concerning the government's Moroccan policy, and was listening to an address by Herr Bebel, when he was overcome and carried to an adjoining room. When the session was resumed Bebel, instead of continuing his speech, ended his remarks abruptly.

Various members then expressed their regret at the chancellor's illness. Business was continued because it was thought adjournment would alarm the public, which was not advisable, as physicians' reports of the chancellor's condition were reassuring.

Toward 1 o'clock von Buelow awoke, was supported to his carriage and driven home. On reaching his home the chancellor, with the assistance of a man on each side, was able to ascend the stairs. Professor Reubers, the attending physician, has advised von Buelow to take a month's rest.

Parliament adjourned to day until the 24 of April.

Berlin, April 5.—Inquiries this morning (Friday) at the residence of Chancellor von Buelow elicited the information that he is continuing to improve. He is now able to read newspapers and hold short conversations. Dr. Reubers called near midnight and found his patient's condition satisfactory in every respect.

FLOOR GIVES WAY.

New Boston, Ill., April 5.—The church floor gave way during the ceremonies at the funeral of W. D. Hodgson, at the Christian church here yesterday afternoon, caused by the large crowd in attendance. There was great commotion and excitement for awhile. No one was seriously injured. The corpse was removed to the M. E. church and the ceremonies were concluded.

BOY KILLS HIMSELF.

Guthrie, Okla., April 5.—Geo. Watrous, aged 17, committed suicide at Cross yesterday after returning from a revival meeting. He placed a gun against his breast and pulled the trigger with his foot. He left a note to his mother and a list of the songs to be sung at his funeral.

BANKRUPTCY PETITION.

New York, April 5.—A petition in involuntary bankruptcy was filed to day against Fred E. Rosebrock & Co., produce commission merchants, one of the largest concerns in the trade, with extensive western connections. The liabilities are \$111,000 and assets \$115,000.

AFRICAN PRINCE

Won Gold Medal and Oratorical Honors at Columbia University.

New York, April 5.—Columbia university's highest oratorical honors went this year to a full blooded African prince, who won the annual contest to day for the George William Curtis medal. Prince Pula Isaka Zeme is the name of the winner and he is the son of a line of chiefs that ruled Zululand up to the time the English gained control. He is a member of the class of 1906. After getting his bachelor degree from Columbia, Zeme will spend three years at Oxford and then return to Zululand, where the position of attorney general for his people is being held open for him. MINERS MAKE PROPOSITION

ARE WILLING TO ARBITRATE DIFFERENCES.

All Matters in Dispute Between Hard Coal Operators and Miners Left to Tribunal—Proposition Considered by Operators.

New York, April 5.—Having failed to come to an agreement among themselves, the hard coal miners of Pennsylvania, through their representatives, to day proposed to the operators that all matters in dispute be referred to a board of arbitration for settlement, the tribunal to be composed of a board of conciliation created by the award of the anthracite strike commission of 1903, with Judge George Gray of Delaware, or any person he may appoint as chairman and umpire. If the operators accept the proposition and the convention of mine workers approves the plan, the 120,000 men now idle in the anthracite fields will return to work at once.

While it had been reported for several days that the miners might ask that the differences be arbitrated, the proposition made to the mine owners to day came to them as a great surprise, as they did not believe the union leaders were ready to leave the controversy to a third party at this time. That the operators will accept the miners' proposal, as submitted, is not generally believed; in fact, it is intimated they may flatly refuse the offer on the ground that existing conditions are the result of arbitration. The employers have decided to consider the miners' latest move and promise to give them an answer Monday, when another meeting of the two sub-committees will be held in this city.

The miners' proposition was read to the operators by Mitchell, and along with it he submitted the original demands of the miners, the reply of the operators, in which they proposed that the strike commission award be renewed and continued for three years, and a letter from Governor Pennypacker of Pennsylvania, who urged both parties to make reasonable efforts to come to an agreement. The conference of the sub-committees lasted less than an hour, and at its conclusion the operators held a meeting to informally discuss the miners' offer. Later they issued a statement in which they briefly stated the demands made by miners and the operators' reply.

The operators, at their meeting, decided that before they would frame a reply to the miners they would first consult all interests in order to get the sentiment of heads of all coal carrying roads, as well as that of independent operators.

It was stated at the miners' headquarters that if the operators agree to arbitrate a call will be sent out at once for a convention of miners, at which instructions would be adopted, if they ratify the arbitration plan, for the miners to return to work immediately.

District President Nichols of the Lackawanna-Wyoming district received complaint from mine workers at Yatesville to day to the effect that state constabulary were entering and searching their homes for firearms. Nichols sent instructions to his organizers in the field to take measures to protect the miners and employ counsel if necessary.

MAY BE REJECTED

Views of Operators in Anthracite Region Concerning Proposition of Miners.

Philadelphia, Pa., April 5.—In the anthracite region the arbitration proposition made by the miners during the conference in New York to day is regarded in varying lights by the different interests involved. Those of the operators in the region who could be induced to venture an opinion expressed belief it will not be accepted. Various reasons for its rejection are advanced, among them disqualification of the operators to leave the solution of technical mining problems to an umpire, who might prove incompetent.

Judge Gray was asked to night at his home in Wilmington, Del., if he would be willing to act as umpire in event of operators accepting Mitchell's proposition. He declined to discuss the subject, giving as his reason that he had not been officially requested to serve in that capacity.

An official of the mine workers' union at Scranton said to night: "The operators have been flooding the newspapers and magazines with facts and figures to prove what an excellent institution the board of conciliation is. Now, Mitchell has put it up to them to accept his position or admit they did not mean all the nice things they said about the board of conciliation. Mitchell has them 'up a tree' and they have got to come to his terms."

W. L. Cornell of Scranton chairman of the board of conciliation, stated that if the matter was submitted to the board he was willing to accept the task and presumed the other members were of the same mind.

The situation in the coal fields remains unchanged. Occasional disturbances are reported from various sections, but they

are regarded as inconsequential. As a result of the suspension of mining operations all railroads which handle hard coal have reduced either their working forces or working hours. Four thousand laborers on the Pennsylvania railroad are now working half time. More than 2,000 of these are employed in the car and repair shops in this city. Many freight crews on the Lehigh Valley and Reading railroads have also been temporarily suspended.

OPPOSE ARBITRATION.

Springfield, April 5.—The proposal of the Illinois state board of arbitration to adjust the miners' strike by arbitration to day met with disapproval of miners. In regard to the statement made yesterday that President Perry had said the miners would be willing to meet the operators in the presence of the board of arbitration, Secretary Ryan said to day the miners absolutely disapproved of settling the controversy by arbitration. A letter has been sent the secretary of the board of arbitration, declining the offer of the board and stating the miners had not agreed to negotiate their difficulties by arbitration.

INDIANA OPERATORS.

Terre Haute, Ind., April 5.—The Indiana Anthracite Operators' association this evening adopted a resolution to stand by the action of its representatives in the Indianapolis conference. The Park County Coal company and the Cayuga Brick and Coal company were expelled from the association for signing the 1903 scale without consent of the association.

NORMAL ASPECT

Being Assumed in Soft Coal Controversy in Pittsburgh District.

Pittsburgh, April 5.—Gradually the controversial situation in the soft coal mining field is assuming a normal aspect, especially in the Pittsburgh district. Forty-three mines of the Pittsburgh Coal company were reported in operation to day and with the adjourning of the district convention here to day it is expected it will be but a few days more when all the mines in this district, including independents, will be in operation. The independent operators of this district who, Tuesday night, formed an organization to carry on their fight against granting the scale, will hold another meeting to-morrow night and it is expected that in view of the increase of mines in operation the independents will decide to sign the scale. Seven independents who refused to join the action of operators Tuesday night signed the scale to day.

The convention did not adjourn before taking a vote to expel Patrick Dolan and Uriah Bellingham from the organization. Dolan was present and declined to yield up the office, claiming he was re-elected last January and was legally entitled to the presidency until March 31, 1907. Union officials will institute legal proceedings to remove Dolan and Bellingham from the headquarters of the organization.

At Roscoe, Pa., 2,500 miners returned to work, while Irwin, Somerset and Johnstown still remain threatening storm centers. All the mines of the Somerset Coal company are being run as usual. More men returned to work at Johnstown and several mines are reported in operation, the injunction prayed out by the coal companies having had a pacific effect. News from other sections about the bituminous field as far as can be learned to night is of a like encouraging nature.

Pittsburgh, Kan., April 5.—Eleven small or coal companies signed the miners' scale to day and work will be resumed at once.

TARIFF REVISION COMING.

East Liverpool, Ohio, April 5.—Speaker Joseph G. Cannon has addressed a letter to W. Edward Edwards, president of the United States Potters' association, in which he says revision of the tariff is sure to come.

He is satisfied there will be no tariff revision during this congress, but it goes without saying that the desire for change which exists in the common mind, will drive the Republican party, if continued in power, to tariff revision. It doesn't want, it will come in the not distant future," says the letter.

REMOVED TOOTH BRUSH BRISTLE.

Evansville, Minn., April 5.—The bristle of a tooth brush, which lodged in her throat a year ago last January, was yesterday extracted from the arm of Miss Agnes Zeller, who lives near here. The bristle got lodged in her throat while she was cleaning her teeth and physicians were unable to remove it at the time.

The Women's Foreign Missionary society of Centenary church will hold their annual thank offering meeting at the home of Mrs. Taylor, 544 Hardin avenue, this afternoon at 3 o'clock. Each one is requested to either bring or send their offering.

BARNES' GAMBLE CONCERT.

The Ernest Gamble concert will be held in State Street Presbyterian church Thursday, April 10.

The Woman's Missionary society of the Christian church will meet this afternoon at the Old People's Home at 2:30 o'clock. Subject will be "Our Living Link," and a social hour will follow the regular program.

DOWIE LEAVES FOR CHICAGO

IS IN GOOD HEALTH AND SPIRITS.

Reviewed History of Zion Church—Refutes Charges Made by Opponents—Confident of Loyalty of Majority of Followers.

Mexico City, April 5.—John Alexander Dowie left here to night for Chicago, where he will confront local leaders of Zion City, who have attempted to revolt against him. Dowie is in good health and spirits and indignant at the conduct of the men who, according to letters in his possession, were professing loyalty to him within the past week.

In an interview with the Associated Press he reviewed the history of Zion church and spoke of its spread. He said he had received many telegrams of loyal assurances from the United States and England and offers of financial aid if required. The trouble came to a climax, he said, as the result of a part of his Mexican undertakings. His wife and son agreed with those who made objections. He added that his son did not walk in his (Dowie's) ways. He said his followers thought he was going to die and, in fact, seemed a little sorry he did not, and now opened his returning to Zion City. He ridiculed the idea that those he had appointed could dismiss him.

Dowie warmly refuted the charge he had been extravagant by declaring he owned to day a majority of shares in the Zion City bank and he declared with much earnestness that when the accounts are adjusted he would have a goodly balance to his credit. He said he had during the last two years, from his own personal resources, made gifts to his people aggregating \$200,000, and that he had not drawn from Zion City's funds \$1,000 during the past six months; but, on the contrary, had loaned Zion City from outside resources \$10,000.

As to charges of mismanagement, Dowie stated that the creation of assets over and above all liabilities of \$200,000 in four years was hardly to be considered a stupendous failure; that land which cost him less than \$250 an acre he had never sold at less than \$2,500 an acre and some as high as \$12,000.

Concerning the charges of polygamous teachings, Dowie stated that in none of his literature published was there any support of this doctrine. He said he was a sincere monogamist and had not contemplated introducing polygamy into his Mexican colonies. Nothing, he said, could keep him from going to Chicago to face criminal or other charges which had not the slightest basis in fact. He felt confident of the loyalty of the great mass of his adherents.

DOWIE'S CONDUCT.

Chicago, April 5.—Dowie's alleged domestic tyranny was held before 25 officials at a meeting in Zion this evening. Mrs. Jane Dowie, wife of the deposed "First Apostle," told in detail of Dowie's conduct toward her during the past two years, and of his alleged efforts to convert her to polygamy. At the close of her recital, officers were called upon to decide by vote whether the course adopted by the overseers should be carried out. Only one vote was lacking to make approval unanimous. One official asked for further time to consider the matter.

Chicago, April 5.—Attorneys acting for Wilbur Glenn Voliva, the acting general overseer of the Christian Church Apostolic church at Zion City, Ill., filed for record to day a bill of sale transferring to Alexander Granger the property of the church, its institutions and industries, together with all personal property of John Alexander Dowie, wherever situated.

COLLAPSE OF HOTEL

Fifty-two Persons Killed and Many Injured in German Town.

Nagold, Black Forest, Germany, April 5.—Fifty-two persons were killed and seventy dangerously injured to day by the collapse of the Hotel Zum Hirschen. The building had not been fully completed and the catastrophe is attributed to non-observance of proper precautions. The roof had only been put in place this morning, an event which, in accordance with the German custom, was celebrated with a feast. The guests were reported to have engaged in a dance and this, together with the large number of persons on the floor, probably was what caused the building to collapse.

At 10 o'clock to night fifty-five dead bodies had been recovered and 100 injured taken from the ruins, many of them in a serious condition. Twenty are still missing and are probably dead. The town to night presents an indescribable scene of horror and grief. There is hardly a family but has lost one or more members. The dead are laid out in the town hall adjacent to the scene of the disaster. The work of rescue is still proceeding, but the full losses will not be known until to-morrow.

Yates Will Make Speech at Galesburg Celebration—Child Took Carbolic Acid—Taylorville Reduces Police Force—Miners are Idle.

Galesburg—Word has been received in this city that ex-Governor Richard Yates has accepted the invitation from the encampment committee and will deliver the dedicatory address in Galesburg upon the occasion of the inauguration of the Mother Bickerdyke monument in May. The news will be received with a great deal of pleasure and interest throughout the state since Mr. Yates' father, who was the old war governor, always expressed the deepest admiration for the famous nurse for whom he entertained a warm friendship, and it is particularly fitting that the son should be present upon

the occasion and appear so prominently in the exercises of the day.

Abingdon—The little 2-year-old child of Mr. and Mrs. Frank Grey, living on South Jefferson street, while playing about the house Tuesday afternoon, discovered a bottle of carbolic acid on a table, and getting hold of the bottle, drank the contents. The child was at once taken to a physician, but nothing could be done and the little one died early in the evening.

Clinton—Thornton Bell, a laborer employed on the interurban gang north of Clinton, had his right hip fractured and dislocated as the result of a team of horses attached to the grader becoming unmanageable. He was on the seat of the grader when the horses became frightened and in his haste to secure a hold on the lines he became tangled in them in such a manner that he was thrown to the ground under the grader. It passed over him. He was brought to the Clinton sanatorium, where Dr. Guy Dowdall attended him. He will be confined to his bed several months.

Taylorville—At a meeting of the Taylorville city council the finance committee recommended that the police force be reduced one man and that the remaining policemen be given an increase in salary of \$10 per month. The city attorney was instructed to prepare an ordinance covering the recommendations of the finance committee.

Elgin—Tribute will be paid to three priests of St. Mary's church at a triple funeral service to be held Tuesday, May 8. Bishop Muldoon, of Chicago, will preside. The priests whose memories are to be honored are Rev. Fathers William Feeley, James Gallagher and Michael Carroll. Their bodies were buried beneath the old St. Mary's church. They will be exhumed and after the service at the new church the remains will be laid at rest in Mount Hope cemetery. It is expected that fifty visiting priests will be present. Requiem high mass will be celebrated. The three hearses abreast will lead the procession to the cemetery.

Mattison—Charles Coverstone, through E. C. and J. W. Craig, Jr., filed in the circuit court at Charleston suit for \$10,000 damages against the Big Four railroad company for the loss of an eye. Mr. Coverstone was employed in the water supply department of the Big Four. January 20, of the present year, he and another workman were engaged in cutting a pipe in a cistern at the company's pumping station, west of this city. Coverstone was holding the pipe and his companion was striking a chisel with a maul, when a splinter flew off and lodged in Coverstone's right eye. The vision of the optic was totally destroyed. Coverstone values his peeper at \$10,000, which sum he will endeavor to recover from the Big Four company in the April term of the circuit court.

Taylorville—Wabash passenger train No. 18, northbound, due in Taylorville at 2:16 Wednesday morning, struck and killed a man supposed to be Geo. L. Gould, of Cornsurg, N. Y., near the new coal shaft, about three quarters of a mile west of Taylorville. The train, came on to Taylorville and Conductor Bullock reported the accident to the station agent. Officers were sent out for the body and it was taken to an undertaker's office to await the inquest.

Pana—According to figures received from President Bernard Murphy of sub district No. 9, there are about 3,150 mine employes idle in this sub district, including Macon, Christian, Shelby and Montgomery counties.

The daily output of the mines, if running steady, would also be about 17,200 tons. The output of the Panama mines alone is almost 3,000 tons daily. Panama is the heaviest loser, with about 200 men out of work.

SMOKE HOUSE ON FIRE.

Considerable excitement prevailed Thursday in the vicinity of T. L. Cannon's meat market on South Main street, when his smoke house was found to be on fire. Mr. Cannon was smoking some meat, and built a fire with the result that the structure was soon in flames.

The employees and proprietor of the shop rolled up their sleeves and formed a bucket brigade, which did such effective work that the flames were soon quenched.

A FAVORITE REMEDY FOR BABIES.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all leading druggists.

FREE LECTURE.

Monday evening at the chapel of the college Dr. James Brown of the faculty will deliver a free lecture on government inspection of foods. The gentleman will be well worth hearing on this important subject and should have a good audience.

FOR HOME MERCHANTS.

Patronize the C. P. & St. L. with your freight business and thus help the home road of our city.

The C. P. & St. L. pay roll in Jacksonville is about \$15,000.00 per month which benefits every merchant in the city whose freight business this home road solicits.

The C. P. & St. L. runs a through merchandise car from St. Louis every night, reaching Jacksonville early the next morning.

The C. P. & St. L. can handle your freight business to advantage from Chicago, Minneapolis, St. Louis, New York, or in fact from any point.

CHAMBERLAIN'S COUGH REMEDY A FAVORITE.

"We prefer Chamberlain's Cough Remedy to any other for our children," says M. L. Woodbury of Twinning, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by all leading druggists.

NOMINATIONS FOR SCHOOL BOARD

Were Made by Republicans of Third and Fourth Wards—Messrs. Walton and Obermeyer Renominated.

The Republicans of the fourth ward turned out in unusually good numbers Thursday night to select a candidate for member of the board of education. Member T. W. Bandle called the meeting to order and asked for the choice of the meeting for chairman.

J. J. Reeve nominated Dr. M. H. Goodrick and the latter was unanimously chosen.

W. L. Fay nominated J. H. Rayhill, Jr., for secretary and he was chosen without opposition.

The chair announced the object of the meeting and asked the pleasure of those present.

H. M. Ticknor nominated for member of the board of education J. W. Walton, the present incumbent, and there being no other nominations the gentleman was chosen by acclamation. T. W. Bandle and J. H. Rayhill, members of the city central committee, and the chair were made a committee with power to fill vacancies in the ticket, should any occur.

Mr. Walton thanked the gentlemen present for the compliment paid him and promised to do his best to serve the interests of the cause of education.

The chair said there was such a good attendance it would be well to have something to say regarding the work of educating the rising generation. He called attention to the already crowded condition of the high school building and expressed a wish that some person of means would see fit to erect for himself a lasting monument by securing for the city a good building and lot for the seventh and eighth grades.

He was glad to see evidences of improvement all along the line and only felt that we should keep abreast of the times and do all we can. In his young days he attended the fourth ward school and well remembered when he was frequently requested to have a few things to say to the teacher after school how inadequate were the facilities for heating and ventilating the building and how poor the light was in some of the rooms, but he understood that had been remedied to some extent.

J. J. Reeve spoke of the growth of the city. It had been said that there was no growth or progress in Jacksonville, but the fact was that when free delivery was started four carriers did the work easily enough, whereas now it took ten. The time was when the fourth ward building was large enough to house the schools of that ward and the high school, but now with the added rooms they were crowded. The public school was the best place for the education of the rising generation, for there the children come in contact with others and have the best drill possible. It was the place where all classes met and became acquainted with the ways of the world. The schools were the backbone of the nation and of our form of free government. The city should have better facilities and buildings and the people would cheerfully pay the tax necessary.

S. W. Nichols said the school board was to be congratulated on striving so hard to get a good superintendent.

LOGAN HAY.

Springfield, Ill.

It is rather difficult to understand the reasons for the actions of the Democrats in the council last night. Surely they were fully committed against the Sunday theatre and why they should so completely change front seems strange. It would look as if they had heard from headquarters with orders to vote differently but surely their conduct will not meet the approval of the people whose good opinions are the most desirable. The Journal has already expressed its views regarding Sunday amusements and has no occasion to repeat them and it is unfortunate that the city law makers on the other side acted as they acted last night. The refusal to vote an ordinance for an election of members of the board of education is a piece of child's play. True, the city will be no worse off in one way, for the present members will hold over but it would have been better to do things in an orderly way but possibly this didn't suit the bosses and their word had to be law.

LOGAN HAY.

Springfield, Ill.

The decision of the supreme court regarding the primary law was not wholly unexpected but still it came as a blow, causing consternation among the ranks of the candidates and political committees also. The whole matter of candidates and nominations is now thrown into confusion and there is no telling where things will land. Governor Deneen has acted promptly in convening a special session of the legislature and it will now be seen what that body will accomplish in a special session. The opinion largely prevails that the legislature purposely doctored the bill so that it would be declared unconstitutional and so thrown out and the attempt was wonderfully successful. But few of the candidates could be seen last night and they had little to say.

Andrew Russell said the whole thing had been little better than a farce from the start and now that it has been knocked out it would be as well to let things be done this time in the old way.

James Merrill said it would result in a general mix up which would take much labor to untangle while the cost to the counties of the state would be great.

Other persons seen said the best way to have the primaries conducted would be to vote by the Australian ballot as in general elections and not permit ticket peddling as may be done under the new primary law. Some thought the idea of a primary law a good one while others said it barred the man of limited means from running that it was a delightful

blowing. Under it two campaigns were necessary and that deterred so many desirable men from permitting their names to be mentioned in connection with any office.

MATRIMONIAL

STRICKLAND-CLARK.

The marriage of Fred E. Strickland and Miss Mary M. Clark, both of this city, was solemnized Thursday evening at 8:30 o'clock by Dr. W. F. Short, in the apartments prepared by Mr. Strickland in the Duncan building. Only a few friends were present.

Mr. Strickland came to this city recently to take charge of the Young Photograph studio, which he had purchased. His former home was at Greenport, N. Y., but he had spent some time on the Pacific coast, and before coming to this city was an instructor in the Illinois School of Photography at Effingham. He is a very pleasant gentleman, and has made many friends during his residence in this city.

The bride formerly resided in Seattle, Wash., and recently graduated from the School of Photography at Effingham. She came to this city as Mr. Strickland's assistant, and is a very agreeable and accomplished lady.

Mr. and Mrs. Strickland will reside in the Duncan building over the postoffice.

Farmers, don't wait for dry weather to put in your oats, but go to Becker & Oberlatte and get a genuine Morgan-Western Spader for this purpose. Wet ground and cornstalks can be handled by this machine when other tools fail.

HOME FROM SOUTH.

Mr. and Mrs. George W. Brown have returned home from a visit of several months at Miami, Fla. They report a delightful visit and among other Jacksonville persons seen in Florida were Mr. and Mrs. F. M. Dean, former residents of this city. Mr. Brown enjoyed some excellent fishing opportunities while in Miami and his success is best told by the Miami Metropolis, which gives him credit for handling the record bonfish. The article reads:

"Yesterday while fishing on the flats in the neighborhood of Soldier Key, Messrs. George Brown of Illinois and J. W. Lee of New York, succeeded in landing the record bonfish of the season. The gentlemen only fished about two hours, but in that time landed five of these silver beauties, ranging from 8 to 12 pounds each. In addition to the bonfish they also captured 155 fish of various other varieties and incidentally had one of the most exciting experiences of the kind in their lives. They are spending the winter here and fished yesterday under the guidance of Capt. Charles P. Dean, keeper of the Key resort. The larger of the bonfish they are having mounted and will send home to adorn their 'dens.' There have been a number of bonfish brought in this season, but these average larger than any yet captured, the largest heretofore only going to 7½ pounds."

Mr. Brown had the large fish mounted and brought it home with him. He is naturally very proud of the catch.

CHILDREN

If You Have any Ailing Ones This Will Interest You.

"We see so many little boys and girls about town who are weak, thin-legged and hollow-cheeked," said Mr. Alcott, our well known druggist. "It seems a shame to allow them to remain so for they will grow up into weak, sickly and nervous men and women, without the vitality to work or enjoy life."

"If," continued Mr. Alcott, "the fathers and mothers of such children would believe what we say of Vinol, we would see a great difference in the appearance of the younger generation of this city. You know Vinol is not a patent medicine, and is just the tonic growing children need. It will make for them good, healthy flesh, sound bone, hard muscle and rich, red blood."

"True, Vinol is a cod liver oil preparation, but it does not contain a drop of oil, or any bad tasting feature. It is so delicious that all children love it, yet it actually does contain all the medicinal curative elements found in fresh cod's livers, and is the most wholesome and best medicine for children we ever sold. "It is because we know what Vinol will do that we guarantee it. It fails to make your children well, rugged and rosy, to refund your money."—Lee P. Alcott, Druggist.

OUR NEW MINISTER

Play is Tribute to Histrionic Art—True to Life Types of Humanity—Medium for Hearty Laughter and Teaching of Moral Truth.

"Our New Minister" was the attraction at the Grand Thursday evening when a good sized audience was present. It was the first time the theatre has been opened for fourteen days and a higher class presentation could not have been offered. The piece is a character play of a splendid type and its presentation teaches a moral lesson of great value and in the teaching thereof the playwright has found opportunity for some clever fun and his characters act and speak in a way that brings from an audience hearty applause and laughter of the spontaneous variety.

The new minister is of the progressive type and is true to the spirit of what he believes and cares little for the letter of the law. He is indeed a good man but his deacons and long faced elders and those who like the "good old ways" are suspicious of him and because he finds them out and preaches the truth that hurts, they call to confer and find fault. The piece hinges on the friendship of the new minister for a reformed convict and the romance of the play is built around the affection of the minister for the reformed convict's daughter. The new minister succeeds in exposing the motives of the dignified deacons and elders, many of whose actions will not bear the light of day, and there is an ultimate triumph in which one of the carping rich men of the church is shown in a false light, the reformed convict finds joy in his new life, sees his daughter betrothed to the man who has worked his reformation and the finale reveals the triumph of right and the failure of wrong.

The lines in the play are well worthy of notice. They call for the expression of sentiments that are noble and inspiring and unless their utterance is made in such a manner they are better unsaid. The cast last evening was a very capable one in this respect and to the fact that they gave such a fine interpretation of the clever production is due the universal satisfaction expressed by the auditors as they left the theatre. "Our New Minister" is one of the plays that it does one good to see. "When We Were Twenty-one" Saturday matinee and night.

THEATRE ACT TURNED DOWN

SCHOOL BOARD ELECTION ORDINANCE FAILED OF PASSAGE.

Highways in Spaulding Addition Not Accepted and New Patrolmen Unconfirmed—Business of Council Largely of Negative Character Thursday Evening.

Failure to pass the school board election ordinance, failure to pass the Sunday theatre ordinance, failure to confirm patrolmen nominated by the mayor, passage of a number of street paving ordinances and sidewalk ordinances, further consideration of the acceptance of the highways in the Spaulding plat, granting of the petition of the Burlington railroad to lower the height of the East College avenue subway to twelve feet is a summary of the principal business transacted at the meeting of the city council held Thursday night.

The failure of the passage of the election ordinance was due to the attitude of the Democratic aldermen who declared that they would not vote for the measure because the Republican members of the council had refused to pass the election ordinance introduced some weeks ago calling for a special election to fill the vacancy in the first ward caused by the resignation of Ald. Babb. When Mayor Davis asked the clerk to read the last mentioned ordinance there was no one to introduce it and the vote on the school election ordinance lacked the necessary two-thirds. The four Democratic aldermen voted solidly against the Sunday theatre ordinance notwithstanding their attitude on the question some days previous.

The matter of the acceptance of the Spaulding streets was laid over because it was felt that the work was not completed in a manner that warranted the taking over the thoroughfares as a part of the city. When it came to a vote on the confirmation of patrolmen several of the aldermen asked to be excused on the ground that they did not know the men nominated for the positions and could not vote intelligently. The ordinance providing for the re-appointing of North Main street, South Main street and East State street within the limitations heretofore prescribed were passed and numerous sidewalk ordinances went through without objection.

THE PROCEEDINGS.

The city council met in regular session Thursday evening with all members present except Ald. Johnson, Hildreth and Hargrove. Mayor Davis in the chair.

The clerk read the minutes of the last regular and special meetings which were approved.

Ald. Ticknor of the highway committee reported regarding the Spaulding addition and stated that the work of grading, etc., had not been completed and that there was some further work to be done before the job was ready for acceptance by the city.

Ald. Kennedy said he had looked at the street, etc., and felt as Ald. Ticknor did, that the grade on a part of the street was too steep.

Ald. Capps had been out with Ald. Hargrove and representatives of Mr. Spaulding; was very much pleased with work that had been done but thought more work ought to be done before acceptance by the city. The alderman thought the city ought to do more work on Lincoln avenue.

Ald. Hargrove entered the council chamber.

Ald. Cobb agreed with the sentiment expressed by the chairman of the highway committee and thought the street was not ready for acceptance by the city.

Ald. Hargrove thought the sidewalk part of the proposition should have consideration. If rebate was

granted for all walks wanted it would wipe out the fund.

Mr. Wainess, of Springfield, for Mr. Spaulding, stated that the grading had not been completed because the weather would not permit. As to sidewalks, if the council will not grant this concession we will have to do without it. We would like to have the plat accepted as to the street.

Ald. Ticknor, chairman of the highway committee recommended that the matter lie over until work was more complete.

Ald. Goveia seconded by Ald. Ticknor moved the matter lie over until further work was done. Same carried seven to two, Ald. McGinnis and Kendrick voting no.

The clerk read a petition asking permission to build concrete walk on the north side of Morton avenue. Same granted; work to be done under the direction of the highway committee and city engineer.

The clerk read a petition asking to have North Diamond street opened from Jordan street to West State street, the petition being signed by a large number of property owners.

Ald. Cobb moved matter be referred to second ward aldermen.

Ald. Capps thought that those who were familiar with the conditions would see the reasonableness of the request if it was not for the great cost.

Suggestion of Ald. Cobb adopted. The clerk read a petition from property owners on Mound avenue asking to have permission to extend city sewer at their own expense along Mound avenue west of the city limits. Referred to sewer committee.

The clerk read a communication from J. L. Traud representing the Standard Oil company stating that the company expected to change their location from the present site to Ashland avenue and desired to notify the council of the fact.

Ald. Kennedy moved it be referred to public improvement committee with power to act. Carried.

The clerk read a communication from E. A. Howard regarding subway proposition at East College avenue asking permission to reduce height of subway to twelve feet. Ald. Kendrick moved report be granted. Same carried.

All properly approved bills were read and ordered paid.

Reports of city officers were read and ordered placed on file.

Ald. Ticknor of the highway committee reported that request had been made for widening stairway on West street by the side of the Wadsworth building. Report of committee was unfavorable to granting petition. Same adopted.

As to conditions complained of on Reid street Ald. Ticknor thought some remedy might be made and matter was referred to superintendent of streets.

Under the head of unfinished business the clerk read the school board election ordinance providing for elections in the third and fourth wards for members of board of education.

Ald. Cobb moved adoption of the ordinance. The clerk announced the vote was four to four. Ald. Kendrick, Kennedy, Higgins and McGinnis voting in the negative, three members absent.

Before the vote was announced Mayor Davis asked the clerk to get the ordinance providing for election of alderman in the first ward to fill the vacancy caused by the resignation of Ald. Babb.

This brought Ald. Kendrick to his feet and he attacked the mayor and Courier for their positions on this first ward ordinance matter.

Continuing Ald. Kendrick said in an impassioned speech: "It is funny that when we want anything passed we can't get it passed, but when you want it passed it is all right and legal. This ordinance calling for an election in the first ward was brought up here some time ago and at that time it was declared unnecessary of passage because of the expense attached to such an election. And right here I want to say a few things to the Courier. After this ordinance was voted down originally they found out that it ought to be passed and now because a school elec-

tion ordinance is wanted they are ready to pass the other ordinance. The clerk can get the ordinance if he wants to but we will kill that just like we did the election ordinance."

Ald. Kennedy was opposed to the passage of the ordinance on the ground that it created unnecessary expense. If there was no election the present members would hold over and the expense could be saved.

Mayor Davis asked if there were any other members of the council who wanted to speak on the subject. If not he would like to say a few words. He said: "Ald. Kendrick does not draw the right comparison between the two cases he has made reference to. Under the minority rule which obtains in the various wards, an election in the first ward would have only resulted in the election of a Republican alderman and as the Republicans already had a majority in the council, and as the ward was well represented there was no necessity for calling a special election and the expense was wisely saved. If, however, now it is thought that an election in that ward is the wise thing now that the time for the holding of the school board election has arrived I am sure I can see no objection to the passage of the ordinance providing for an election of alderman in the first ward to fill the vacancy. The cases are not analogous. The terms of the members of the school board in the third and fourth wards are about to expire by limitation of the terms to which the members were elected and it is the proper and legal way to call another election."

"If we should carry out the idea suggested by Alderman Kendrick we would do away with elections altogether and keep ourselves in power by refusing to call elections. I would be mayor all the time." Here Ald. Kendrick broke in: "You can stay there as long as you want to; I like you all right." The mayor's train of thought was interrupted by this interjection of the first ward alderman but he continued, to express his disapproval of the threatened action of the Democratic members to the call toward the school board election ordinance.

Before announcing the vote on the election ordinance the mayor asked if there was any alderman present who would introduce the first ward aldermanic election ordinance and upon failure of any one to respond the clerk was ordered to re-pitch the ordinance and the school board election ordinance was declared lost.

The clerk read an ordinance for a brick street pavement on North Main street. On roll call, the same carried unanimously.

The clerk read an ordinance providing for a brick street pavement on South Main street. On roll call the same was adopted by unanimous vote.

The clerk read an ordinance providing for a brick pavement on East State street. On roll call, the same was adopted unanimously.

The clerk read an ordinance prohibiting the giving of any circus, theatre, show, concerts, etc., on Sunday.

The ordinance carried the emergency clause and Ald. Cobb, seconded by Ald. Goveia, moved its adoption.

Ald. Kennedy could see no reason for the ordinance, as he thought the purpose for which the ordinance was introduced could be accomplished by easier means. He thought that as the Bijou theatre had only been granted a license for six days, if he opened his show on Sunday, then revoke his license.

The mayor stated that he signed the license for the Bijou theatre for six days and told the manager that he could not be granted a license to show on Sunday.

Ald. Ticknor, representing Mr. Bernstein, manager of the Bijou theatre, stated that whether the ordinance was passed or not, the theatre would not be opened any more on Sunday.

On motion to adopt emergency clause the same carried.

Ald. Cobb moved adoption of the ordinance.

Ald. Kendrick thought the ordinance was too hard in its provisions.

Ald. Capps stated that the ordinance had been drawn by the city attorney and inspected by other lawyers, and was so worded as not to interfere with any concert in a church or other place of similar character.

On roll call the ordinance was lost, 5 to 4; Aids. Kendrick, McGinnis, Higgins and Kennedy voting no.

The clerk read an ordinance providing for a brick sidewalk on East Washington street. Same carried with emergency clause.

The clerk read an ordinance providing for the construction of a concrete sidewalk on certain portions of West State street. Ordinance, with emergency clause, carried.

The clerk read an ordinance for a brick sidewalk on East Wolcott street. Same, with emergency clause, carried.

The clerk read an ordinance for a concrete sidewalk on North Fayette street. Same and emergency clause carried.

Ordinances calling for sidewalks on portions of South East street, North Prairie street, North West street, East Dunlap street and Brown street were read.

The mayor announced the appointment of George Angelo as patrolman, and announced that if there was no objection he would stand confirmed.

Ald. Kennedy wanted roll call on confirmation.

On roll call the vote stood 3 for and 6 against; Aids. Capps and Goveia refusing to vote, but were recorded in the negative under the rules.

The mayor announced the appointment of Walter DeFreitas to succeed Patrolman Estaque. Ald. Cobb moved confirmation.

DAILY MARKET LETTER.
Chicago, April 5.—Wheat—While falling lower the greater part of the day, the market showed an almost unaccountable stubbornness. The easy start can be attributed to the lack of response to the report made later to the Ohio report which makes the condition of winter wheat 301 in that state, against 11 in December and 81 in 1905. Snow is reported throughout North Dakota. The cash situation seems healthier throughout the country.

Corn—Corn was strong throughout the day, easing off a little at the start. The "news" was favorable at 10 o'clock, but the market firmed up on unsettled weather. The large cash business done yesterday and this morning was for export to Mexico. The amount of No. 2 corn sold for shipment at the opening of navigation is increasing. The cash market was higher.

Oats—Profit taking caused a decline in the May delivery, but the demand on the part of the stock market held firm at some recovery. Unseasonable weather throughout the belt is causing some uneasiness, but the new crop goes into the ground unduly late.

Provisions—There was a further decline in provisions, but by the close of the day hog markets. The selling was for local account and the buying of a miscellaneous character, with some foreign demand, except for the very best, were about 10c lower.

CHICAGO LIVESTOCK MARKET.
Chicago, April 5.—Cattle—Receipts, 7,000. Trade was exceedingly slow to day and very quiet. Choice offerings were scarce, but there were plenty of the medium sorts. The shipping demand was poor.

Hogs—Receipts, 33,000. Heavy receipts brought about a weak feeling and prices declined. Choice offerings were scarce, but there were plenty of the medium sorts. The shipping demand was poor.

ST. LOUIS LIVESTOCK MARKET.
St. Louis, April 5.—Cattle—Receipts, 1,000. Trade was slow. Choice offerings were scarce, but there were plenty of the medium sorts. The shipping demand was poor.

LIVERPOOL MARKET.
Liverpool, April 5.—Wheat—Spot nominal. Corn—Spot steady; American mixed new at 4s 2 1/2d; old at 4s 7d.

NEW YORK MARKET.
New York, April 5.—Wheat—Receipts, 2,000 bu.; exports, 2,000. PLEASANT COMPANY.
Lucille Ennis entertained a company of her little friends at her home on South Main street Thursday afternoon in honor of her fifth birthday. The children from 3 to 5 were pleasantly spent with games and music. The children then proceeded to the dining room which was beautifully decorated for the occasion in purple and white. There they partook of delicious refreshments. The hostess received many beautiful presents and each guest was presented with a little souvenir. Those present were Blanche Cox of Springfield, Ruth Smith, Leona and Leona Souza, Gladys and Dorothy Carroll, Ruth Galley, Lucille Ennis, Roy Carroll and Ray Ennis.

LAND DRAWING CONTEST.
Parties in Jacksonville have purchased several lots in Excelsior Springs, Ark., and Thursday eight of the land holders met and selected Dr. C. E. Burkholder as captain and John Wolke as substitute, who will represent them at the opening which is to occur April 18. It is probable that others will also go down to the opening.

The land is thought to be underlaid with very valuable coal beds and the development of which is expected to give a large yield.

NOTICE W. R. C.

LAST LECTURE IN SERIES

Was Given by Prof. Zueblin at Congregational Church—"City of the Future" Was His Theme—Heard by Large Audience.

Prof. Zueblin gave the last of his series of lectures in the University Extension course at the Congregational church Thursday evening. Perhaps the largest house of the entire course greeted the speaker, and those present were very hearty in their commendation of his remarks. "The City of the Future" was the subject of this closing lecture of the course on "The Twentieth Century City."

Dr. F. S. Hayden introduced Prof. Zueblin with a few words of appreciation, and John Ward presented the financial statement of the University Extension committee, which showed that the course had been a financial success, as well as a success in other particulars.

"The City of the Future" was discussed from many points of view, and many suggestions for those interested in municipal problems were offered. The city's plan, as governed by topography, was considered, and the adaptation of the plan to the natural advantages or disadvantages, such as the sea, rivers, hills, plains, etc., the location of the business center, the government of the means of communication, location of public buildings, the beautifying of the residential section, and the establishment of rest or recreation centers—all these questions were handled with a certain enthusiasm and, as it were, sang froid, that marked the speaker as a man exhaustively acquainted with his subject, and greatly in earnest in his endeavors to make others see things through his eyes, or at least, in a way which he considers rational.

In speaking of the handling of the residential portion of the city, Prof. Zueblin made his remarks brief, with the statement that suggestions along that line were perhaps superfluous in this city, where there are some of the most magnificent residence streets in the country.

The speaker then spoke of the civic improvement movement, introducing his subject with the observation that the spirit of civic improvement is spreading from one end of the country to the other, and followed with a brief review of the history, purposes and organization of the movement. He then took up city reconstruction, and told what has been, is being and will be accomplished in Boston, Washington, Harrisburg, San Francisco, Chicago and other cities, citing examples of the fact that unrelated civic improvements no longer satisfy the standard of the twentieth century city. "The communal spirit is the root of the whole thing," said Prof. Zueblin, "municipal progress will be quickened when the growth of the communal spirit makes the conception of the composite city possible to a larger citizenship."

We will pay 25 cents for a copy of the Daily Journal of Dec. 1, 1905.
